HOSTED PBX

COMMUNICATE MORE EFFECTIVELY WITH VoIP NETWORKX HOSTED PBX!

Your business can now take advantage of an affordable, fully featured hosted PBX that is easy to manage and easy to deploy. The VoIP Networkx Hosted PBX provides a comprehensive suite of enterprise-grade features that helps your business communicate more efficiently, professionally, and conveniently.

POPULAR FEATURES

- › Hold, Park, Transfer
- › Call Forwarding
- › Auto Attendant
- › Voicemail to Email
- › Simultaneous Ring
- › Call Recording

In addition to basic capabilities such as voicemail, hold, and call transfer, users can enjoy advanced features such as auto attendant, find me, follow me, 3-way calling, call recording, and message retrieval via phone, web, or email.

SERVICE PLAN FLEXIBILITY

VoIP Networkx empowers you with the flexibility to choose the service plan that best fits your business. When building a custom seat plan solution, you will need to decide on the number of seats you need, a service plan to cover your monthly call volume needs, and the phones you will use with your solution.

How many seats do you need?

Decide on the number of seats you need for your business. VoIP Networkx seats can be used at a single location or multiple locations.

What type of seat do you prefer?

Choices include low priced usage seats or unlimited minute seats. When choosing usage seats, you have a variety of calling plans from which to choose. Custom seat plans start as low as \$13 per seat per month.

Need phones?

VoIP Networkx provides new phone options as well as the potential to provision service on the existing phones you already own.

CUSTOMIZED SERVICE QUOTE
